GAURAV UPADHYAY

Pune, Maharashtra — +91 7367847801 — ugaurav034@gmail.com
LinkedIn: linkedin.com/in/gauravupadhyay12062004 — GitHub: github.com/Gullu-D

EDUCATION

MIT School of Computing — Pune, Maharashtra
B.Tech in Computer Science and Engineering — *Expected Sept 2027*
Current CGPA: 8.0/10.0

Army Public School — Ranchi, Jharkhand
Class XII (Senior Secondary), Science Stream — *2021 – 2022*

PROFESSIONAL SUMMARY

Aspiring Software Engineer with strong interest in **AI, Generative AI, and Full-Stack Development**. Currently building real-world projects including **RAG-based systems, AI agents, and automation tools** using Python, React, and modern AI frameworks like LangChain. Seeking internship opportunities to apply and expand technical skills.

TECHNICAL SKILLS

Languages	Python, C, C++, JavaScript (ES6+), HTML5, CSS3, PHP
Web Development	React.js, Node.js, Express.js, MySQL, MongoDB
Generative AI	LLMs, LangChain, RAG, Prompt Engineering, Multi-Agent Systems
AI/ML Tools	TensorFlow, Pandas, NumPy, Scikit-learn, Streamlit, Neo4j
Dev Tools	Git, GitHub, Postman, Linux, Docker (Basics), API Integration

PROJECTS

AI Document Search (RAG Chatbot)

Tech: *Python, FastAPI, React, Tailwind, LangChain, OpenAI, FAISS*

- Developing a full-stack RAG-based chatbot to interact with PDF documents using semantic search
- Implementing document chunking, embeddings, and vector search using FAISS for context-aware responses
- Building FastAPI backend and React-based chat UI for real-time document querying

AI Code Review Bot

Tech: *Python, FastAPI, GitHub API, GitHub Actions, OpenAI*

- Developing an AI-powered bot to automatically review GitHub pull requests
- Integrating GitHub webhooks and Actions to trigger automated code reviews
- Generating feedback on code quality, readability, and potential bugs using LLMs

Custom AI Agent with Memory (Jarvis)

Tech: *Python, LangChain, OpenAI, Whisper, Redis/ChromaDB*

- Building a personal AI assistant with contextual memory and conversation tracking
- Integrating voice input/output using speech recognition and text-to-speech
- Implementing long-term memory for personalized interactions and task assistance

CERTIFICATIONS (LINK)

- **Generative AI Developer Course:** Focus on LLM Integration, Vector Databases, and Agentic Workflows.
- **Meta Front-End Developer Professional Certificate:** (Coursera) - Proficiency in React and UI/UX.
- **Google Data Analytics Professional Certificate:** (Coursera) - Data cleaning, analysis, and visualization.
- **Accenture UK Virtual Experience:** (Forage, May 2025) - SDLC, Agile Methodologies, and Python Debugging.

EXPERIENCE

DIAT (DRDO), Pune — Internship — **June 2026 – Oct 2026**

• Working on research and development tasks under DRDO guidance.
• Gaining practical exposure to advanced technologies and real-world engineering workflows.
